Breathing new life into places

Spirit Homes have been building brand new, high quality family homes and apartments, in superb locations across the North West, Yorkshire and North Wales, since 2007.

In that time, we've built a reputation for providing a 5 star service to our customers. As a family founded and run company, we can offer a friendly but professional approach and personal attention making it easier to find exactly the right home for you and your family with us alongside you.

Developing and building homes is what we do best and we are proud of the attention to detail and quality craftsmanship that goes into each and every one.

Behind the kerb appeal there is a structure that meets the highest professional standards and the perfectly proportioned rooms are exquisitely finished and decorated.

Importantly, every detail is checked and inspected before the keys are handed over to the new homeowner.
